

Web Developer Volunteer Vacancy

An exciting opportunity has arisen for a volunteer Web Developer to join our friendly team.

We are looking for someone who has experience with e-commerce, an excellent eye for design and awareness of the latest and emerging web trends and technologies.

The personal qualities that would assist you in this role include good organisational and communication skills.

Krissy & Friends Foundation.....

- Enables access to music therapy for local families whose child has been diagnosed with a life changing illness or injury.
- Openly discuss life changing illness and injury with young people in schools or local community, to empower them to address their stigmas, fears and misunderstandings.
- Bringing local musicians together from any and all music genres to help with our work.
- Keeping it local: local bands, local events, local fundraising and donations to local charities.

“We never know when our family, or someone close to us, might get devastating news. At such times, music can reach people where words fail and music can be a rich source of life-long memories.”

To apply, please email us at krissy.and.friends@gmail.com with a CV and cover letter – and we will be in touch. Closing date is 14th August 2016.
